

## BD series Plug, Recess Cover Part number 20004182

Application: All Cosworth Ford BD series engines

Available once again, genuine Cosworth Recess Covers for the BDA and BD series cam covers. Replace your worn and cracked covers to prevent water and foreign material intrusion into the spark plug recess and enhance engine appearance. 4 required per engine.

Engineered with the following superior features:

- Resistant to gasoline, methanol, ethanol, motor oil
- Vented design ensures secure fitment
- Compatible with 7mm - 8.5mm wire
- Snug fit to cam cover
- Molded "COSWORTH" on top
- Part number molded on bottom.
- Can withstand multiple and severe heat cycles
- Flexible, durable, ozone resistant Silicone 50 material
- Extremely high heat resistance
- Superior dielectric (electrical insulating) protection to eliminate arcing, especially with modern high voltage ignition systems.
